Meet fashion connoisseur & business mogul Mitzie Turnquest, torn from potent Bahamian Fabric and reigning from the nation's city; Nassau, The Bahamas. Mitzie has revolutionized the fashion industry in the Bahamas, having built and maintained a thriving 17 year business; "Signature Styles" which is still today considered a premier choice by most Bahamians and visitors. She is an International Buyer, holds her own International Fashion Line and serves as a University Lecturer. A fierce advocate for women to rise in their beauty and purpose in life and to take their due signature positions. As a style and image consultant, Mitzie serves to buff dull personalities and images for the revealing of some of the regions most refined and prestigious women. Having achieved most of her hearts desires, Mitzie, now a wife and the mother of two incredible boys, moves to fulfill her intended purpose in the building of a strong formation of women globally using the skills she has harnessed through her gold studded 12 year career as the Director of VIP Services; Atlantis Paradise Island Bahamas, coupled with her Master's Degree in Human Resources Management and a Bachelors in Business Management. Her story bears her tears in the overcoming of many seemingly impossible life challenges of homelessness, the death of 2 sisters and her father and financial collapse all of which bridged the path for poor self-esteem. She could have remained broken but instead it has shaped the novel she is today.
